

# World Summit on **WEB 3.0 AND AI**

**REGISTER  
NOW**

Web 3.0 uses blockchain to decentralize control, letting users own their data and assets. It boosts privacy, security, and transparency while enabling new models like DeFi and NFTs driven by user participation.

26-27 November 2025

At 08:00 AM - 06:00 AM

Dubai, United Arab Emirates

**REGISTER NOW**
